

Customer First
Advancing Productivity

ABOUT US

Bharat Mechanical Solutions FZE is a leading company in the Middle East, providing topquality industrial tools and solutions to various industries. Our company takes immense pride in being the authorized distributor of KYOCERA cutting tools in the region.

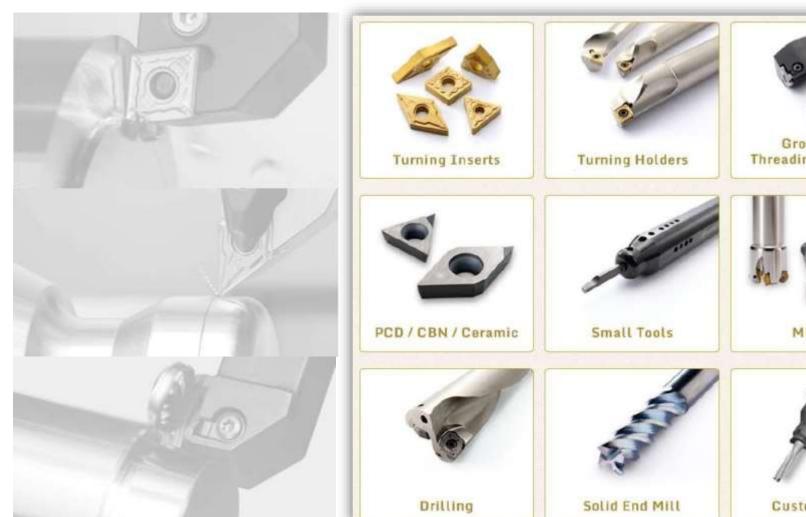

At Bharat Mechanical Solutions FZE, we take pride in our commitment to constantly expand our range of services and products to meet the ever-evolving needs of our esteemed clients. We are driven by our passion for excellence and our mission to provide innovative solutions that drive growth and productivity.

Our partnership with KYOCERA, one of the world's leading manufacturers of industrial cutting tools, solidifies our position as a provider of high-quality products. As an authorized distributor, we offer an extensive range of premium-grade cutting tools including drills, end mills, turning inserts, threading tools and more. These tools are designed using state-of-the-art technology and are known for their precision, durability and performance.

KYOCERA CTC Precision Tools

Where Precision Meets Perfection

Solution to Industries

OUR PRODUCTS

TURNING

- CA025P, JCT Series,
- KPC Series,
- PCA Series For cast Iron

MILLING

- MFH Series, MFAH,
- MEPN, MEWN,
- TN620M, MEW, MST

DRILLING

- DRV, DRA, DRX,
- DRW. DRC.
- MagicDrill DRA Counter boring Insert FTP

GROOVING / THREADING

- GBA, KGD/KGDF,
- PR1625, SIGE, SIGC

TAP

- Hand TAP, Extension TAP,
- Spiral Point TAP, S.T.I TAP,
- Thread Forming TAP

SOLID CARBIDE

- Z-Carb, Z carb HPR,
- Z carb AP, V carb,
- Multi carb. Series 33

OUR CUSTOMERS

TRANSPORTATION

Automobile, Railway, Heavy Vehicle, Ship Building.

AEROSPACE & DEFENCE

Airframe, Engines, Components, Composites, Aluminum, Titanium

ENERGY

Power Generation, Oil & Gas, Wind

GENERAL ENGINEERING

Die, Mold, Bearings, Job Shop

AUTOMOTIVE

Achieve Highest Productivity + Competitive Machining Economics with our Innovative Tooling Solutions.

Cast Iron / Aluminum

6-Edge Milling Cutter

MFAH

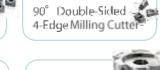

MFC

MINI

for Steel Turning

MFH-RAPTOR

High Feed Cutter

MEC

High Efficiency

Milling Cutter

MFK

Milling Cutter for Finishing Aluminum

Multi-Edge Cutter for Cast Iron

M-FOUR (MEW)

Coolant Fed Deep Drill

Mounting Hole Making

AEROSPACE

Industry Proven Tooling Solutions for Aerospace Components

ENGINE PYLON

High Feed Cutter

MFH-Raptor High Efficiency and

Double-sided 10-edge Insert 45° Cutter

MEWH

New Generation End Mill with Double-sided 4-edge Insert

MFPN

Double-sided 6-edge Insert 90° Cutter

Our products - standard

TURNING

- Wide range of grades for External Turning, Boring also specially developed tools for small part Machining
- Turning with CBD, Cermet, Ceramic, CBN, PCD

DRILLING

- DRV, DRA, DRX,
- DRW, DRC,
- Magic Drill DRA Counter boring Insert FTP

MILLING

- MFH Series, MFAH,
- MFPN, MFWN,
- TN620M, MEW,
- HS MFAL, MST, MRX,

GROOVING/THREADING

- GBA, KGD/KGDF,
- PR1625, SIGE, SIGC
- Internal/External/face/Spl Grooving

SOLID CARBIDE TOOLS

- High Performance Driils, Endmills
- Economical drilling, milling and reaming solution

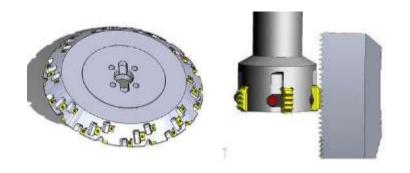

TAP

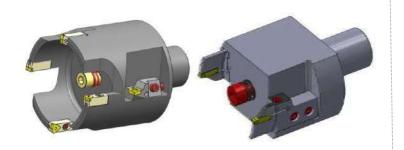

- Hand TAP, Extension TAP,
- Spiral Point TAP, S.T.I TAP,
- Thread Forming TAP,
- Spiral Fluted TAP, Pipe TAP,
- ACME Thread TAP

Few of our products - Customized

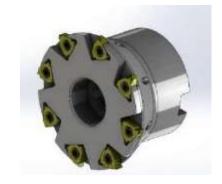

Spl Groove Milling Cutter for Pipe groove milling Solution

Large hole Drilling using trepanning technology

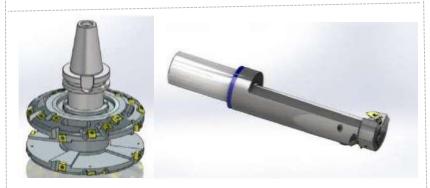

Spl Circlip groove Milling

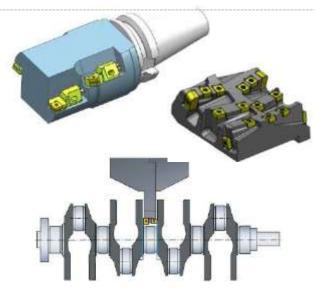

Spl Solution for boring applications

We at Kyocera always equipped with our expertise to provide customized Economical solution at the right time.

Combination Tool for a major customer

Spl solution for all Automobile components

THANK YOU..!!

FEEL FREE TO CONTACT US, IF YOU HAVE ANY QUERY LOOKING FORWARD TO HEARING FROM YOU.
